7040	Proprietors employment	166,174	273,051

Footnotes for Table SA04

1. Nonfarm personal income is total personal income less farm income.
2. Farm income is farm earnings less farm employer contributions for government social insurance.
3. Midyear population estimates of the Bureau of the Census. These population estimates were released by the Bureau of the Census in December 2006.
4. Per capita personal income is total personal income divided by total midyear population.
5. Contributions for government social insurance are included in earnings by type and industry, but they are excluded from personal income.
6. The adjustment for residence is the net inflow of the earnings of interarea commuters. For the United States, it consists of adjustments for border workers: wage and salary disbursements to U.S. residents commuting to Canada less wage and salary disbursements to Canadian and Mexican residents commuting into the United States.
7. Rental income of persons includes the capital consumption adjustment.
8. Proprietors' income includes the inventory valuation adjustment and the capital consumption adjustment.

• All state and local area dollar estimates are in current dollars (not adjusted for inflation).

• **(N)** Data not available for this year.

• **P** Preliminary estimate.
